## PROFILE

An ambitious, diligent and committed tech enthusiast; with a solid foundation in software development and programming principles (TDD, OOP, DRY etc.) courtesy of Makers Academy Bootcamp. Particularly enthralled by Front-End Development, due to it's visually creative nature.

Competent in agile workflow practices and implementing a succinct and precise Test Driven Development process: applying well known frameworks such as Jest and RSpec.

An open-minded, reliable and excellent team member with strong transferable skills.

I am mindful of ensuring that I am proactive in continuing my professional development; as I strive to be an excellent software developer.
